This form is an application for membership in the Colorado Seed Growers Association and request for inspection of certifiable seed fields. Each grower should read and understand the Colorado Seed Certification Standards Handbook that describes the general standards which are basic to seed certification and specific standards for certification of each crop.

Applicant:

INSTRUCTIONS

1. **Apply by the dates given.** A late application fee of $30 per field will be charged for applications received after these dates.

   - Alfalfa, Clover, & Grasses: May 1
   - Fall Sown Cereals: May 22
   - Spring Sown Small Grains: June 1
   - Canola: June 15
   - Beans: July 10
   - Millet: August 1

   Please list each field separately!

2. **Enclose a tag or other proof of seed source.**

3. Enclose with this form the required membership and inspection fees. No inspections will be made until all fees are paid.

4. Be sure to sign your application and send a signed copy to CSGA and keep a second copy for your records.

5. Show location of field and indicate field identification on MAP (included). Include GPS coordinates if you know them.

---

I hereby apply for membership in the Colorado Seed Growers Association for the current year and for field inspection of the fields listed on this application. The undersigned affirms that standards, regulations and procedures published by the Colorado Seed Growers Association will be followed in producing, processing and handling seed from the fields included in this application. I also agree to abide by the Constitution and ByLaws of the CSGA.

CSGA now accepts credit card payments. A 3% service fee will be charged for each transaction.
Field Inspection Maps

Each large square represents one section (640 acres). Dotted lines divide each section into quarters (160 acres). Please provide as detailed a map as possible. Provide county, township, range and section numbers below each diagram as well as nearest cross roads. Show landmarks such as tree lines, buildings, and adjacent fields to help inspector locate fields. Write the field identification/variety in each field. Provide GPS coordinates if you have them.
